REGAL CLOUD

# OUR TALENT PRODUCTS

**Our suite of products gives leaders in Cloud Technology the ability to attract and acquire Cloud Talent in a way that is tailored to their business requirements and needs. Our flexible consumption model is designed to provide maximum value while also reducing overall spend.**

We bridge the gap between legacy recruitment agencies and consultancies; our offering combines market-leading recruitment technology with in-depth industry knowledge and relationships.

**Result:** we deliver you a game-changing methodology designed to engage the top 10% of Cloud talent in the market.

NIMBUS	CUMULUS	STRATUS	CIRRUS
<p><b>NIMBUS</b> leverages our associate programme to deliver outstanding, outcome-based packages of work. You can rely on this consult and delivery model whilst spending a fraction of the cost of traditional technical consultancies.</p>	<p><b>CUMULUS</b> provides an executive search function with real-time updates throughout the hiring process, coupled with direct access to our internal CRM to manage all candidate activity. We're very proud of the service we provide and the results it delivers.</p> <p>The numbers speak for themselves and a 90% success rate for any SOW or search project is one we are immensely pleased with.</p>	<p><b>STRATUS</b> is there to be taken advantage of if you require a minimum of four new hires over a 12 month period. Build a talent pipeline tailored to your requirements and access to our CRM, anytime.</p>	<p><b>Scaling a tech team and need to do it fast?</b></p> <p><b>CIRRUS</b> gives you access to a dedicated, onsite Talent Acquisition team, working closely with your internal HR and leadership teams, providing the benefits of an inhouse TA function and the use of a trusted talent partner simultaneously. A flexible engagement approach ensures you're always in control – turning this on and off as you require.</p>
